

Novelty Iron Works New York Jan 18

Dear Doctor:

While in California I collected
a few plants which I have been fortunate
enough to get home safely and would be
glad to have you see them, I collected
duplicates of each expressly for you, and if
you will tell me how and when I could
find you in the city I will be much grat-
ified. Yours truly

W. Stillman M.D.

Prof. J. Torrey
